HOUSE RESOLUTION

2 WHEREAS, Modern medicine has made amazing advances in
3 fighting pediatric cancer; pediatric cancer survivors are
4 faced with a unique set of problems because of these advances;
5 and

6 WHEREAS, Cure rates for pediatric cancers have risen
7 dramatically during the past 20 years, and it is estimated that
8 one in every 900 adults, aged 16 to 44, is a survivor of
9 pediatric cancer; and

10 WHEREAS, Almost 70 percent of children diagnosed with brain
11 cancer survive treatment today, a statistic that calls into
12 focus the need to look at a child's quality of life in the
13 years following treatment; and

14 WHEREAS, Pediatric cancer survivorship can come with a
15 price in the form of long-term medical, financial,
16 psychosocial, and/or neurocognitive problems due to
17 chemotherapy, radiation, or surgery; and

18 WHEREAS, The major expenses of a pediatric cancer diagnosis
19 and treatment are associated with the direct costs of medical
20 care, including charges for hospitalizations, clinic visits,
21 medications, tests and procedures, home health services,

1 services of doctors and other professionals, and treatment
2 including surgery, chemotherapy, radiation therapy, and bone
3 marrow or peripheral stem cell transplant; and

4 WHEREAS, Even well-insured, middle-class families with
5 health insurance can find themselves in financial distress
6 because of a single catastrophic illness, and even when
7 insurance doesn't run out, health care costs can be staggering
8 for the families of children with cancer; and

9 WHEREAS, The State of Illinois recognizes that amazing
10 advances have been made in the treatment of pediatric cancer
11 and survivor rates; therefore, be it

12 RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE
13 NINETY-FIFTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we
14 proclaim the week of March 25-31, 2007 as Pediatric Cancer
15 Survivorship Week in the State of Illinois.
